STAY IN TOUCH WITH THE INDUSTRY

Published on a quarterly basis **Energy and Sustainability Solutions**

is designed to keep the industry up to date with the latest information, products, systems and services. The magazine also provides an essential tool for any personnel tasked with evaluating and modifying their energy management practices, from utility buyers, compliance and facilities managers through to energy efficiency and procurement directors.

Energy is everyone's responsibility and this is reflected in the wide range of industry sectors covered by the magazine. Each issue includes features, news, products, case studies and opinion pieces from specialists in the energy sector on diverse range of relevant subjects, including renewables, HVAC, biomass, energy monitoring, lighting, pumps & valves, air conditioning, legislation, green energy, and combined heat and power, providing readers with invaluable information on cost-effective and sustainable energy.
